SENIORS

Message from:
Mr. Newton, Principal

To the Class of 2015:

I am sure that for most of you it seems like only yesterday that you entered Enrico Fermi High School as ninth graders. I remember watching you come into the auditorium for orientation. Your minds were filled with so many questions and thoughts, although most of you were afraid to ask them. You were unsure about what you would experience over the next four years of your lives. The one thing that I was sure of was that each of you brought your own unique talents, ideas, and ambitions. You never had heard the words, “Responsible Citizens – Lifelong Learners” but now, four years later, that is precisely what you have become. Now, as you get ready to take those final strides toward the door, you depart being much wiser, more confident, and better prepared to take on the demands of the world that awaits you outside of Fermi and Enfield. We have seen your talents blossom in the classrooms, in theatrical and musical productions, in our Rachel’s Challenge activities, and on the athletic fields. You have blended together as a group of mature young adults with a very strong and positive identity. You are the Class of 2015! You are poised and ready to face all of the challenges that the world outside of Fermi has to offer. As you get ready to move forward, I ask that you take time for one last glance over your shoulder to reflect on your time here at Fermi. I sincerely hope that these four years were the best four years of your lives. I wish you all the best in everything that you do. More than anything else, remember that you will always be part of our Enrico Fermi High School family and you will always have a welcome spot both in our halls and our hearts.

Good luck to each and every one of you!

Sincerely,

Paul Newton

Message from:

Mrs. Cressotti, Assistant Principal

Dear Class of 2015,

Mark Twain, the father of American Literature, once wrote, "Twenty years from now you will be more disappointed by the things that you didn't do than by the ones that you did do." In reflecting on the past four years, it is fair to say that you did not have to do well in school. Certainly, it wasn't easy that you chose to stay in and complete assignments and projects than to go out with your friends. There were difficult choices to make both in and out of school, but you chose right and now you are graduating. Why did you make these choices? Perhaps you knew at your young age to what Mark Twain was referring. Maybe you knew that when an opportunity presents itself, you should take that opportunity

and find out your true potential. During your time at Fermi, you have met all of the graduation requirements, earned your high school diploma, and while you traveled this path spoke to your peers, teachers and of course - administrators. Now this part of your life is over and you are ready to move on to another exciting phase of your life.

"You who are on the road

Must have a code that you can live by

And so become yourself

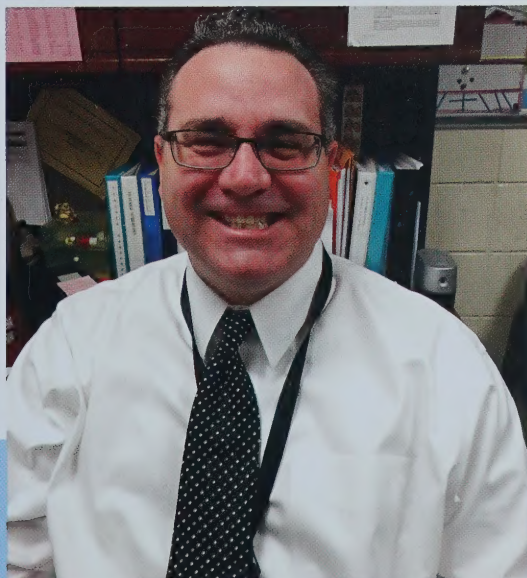

Because the past is just a good bye." Crosby, Stills, Nash

Remember to follow that road that you have chosen, live by the code you have set for yourself, and become yourself - the best you can be. As you enter the next phase of your lives, whether it be school or career, allow the positive risk-taking attitude that you have shown to all of us, to continue and become the best you can be.

Thank you all for all of the wonderful times and memories you have given to me. It has truly been a gift to be your assistant principal. I wish each and every one of you the best life has to offer - love, health, happiness and success. Continue to make me proud of you.

Sincerely,

Marilynn Cressotti

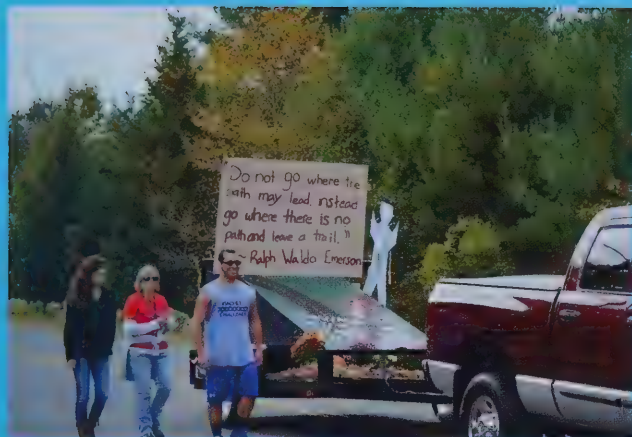

**Mr. Iacobucci,
Assistant Principal**

Fermi Fest And Homecoming Weekend

Homecoming King and Queen
Ben Magnuson and Amanda Balesano

Fermi Fest contained many different activities to help out each class. The Senior speciality: Falcon Pong. Fermi Fest was followed by the parade, the homecoming football game and finally the dance. Overall, the weekend was full of memories that we will forever look back on.

I am so proud to have been the captain of such an amazing team. Everyone worked so hard, practicing each dance 8-count by 8-count and practicing stunts until they hit. It was not all hard work though, we had so much fun laughing and joking during practice and on the bus to away games.

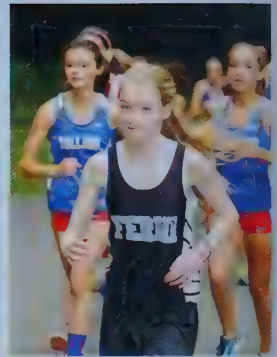

I could always count on them to make me laugh and smile when I was not having a good day. I cannot wait to be your cheer captain next year!

My past few years with the Fermi Cross Country team were the best of times. From playing sharks and minnows, to running races, to eating anything but Almond Joys, Paydays, and Heath Bars, my

experience has been so rewarding and memorable. I am so glad to have spent these four years with such a funny, cool team, as well as an awesome coach. GO DISTANCE!!!

Hockey with Heart

Field hockey season is the best part of the year. It's always the season where we create the most memories and the best of friends. Our season had a slow start and we had to make a lot of adjustments as a team, but with a few burpees and a lot of new line ups, we were able to pull things together. While we may hate the 9 in 4's and the occasional pain storm (yikes!), we push through the relentless workout for the love of the game and our dedication to the team.

Coaches-Ms. Bartholomew & Ms. Nolan

The bond we share as a team is a huge reason we have become so successful on and off the field. Some of our best memories came from the pre-game passing or the long bus rides that never failed to have everyone singing at the top of their lungs. How could you forget when Anna asked if Newington was in Newington? Or when everyone danced the night away at our team sleepovers? Our ability to come together as a family is something we should all cherish forever. Regardless of where or how we got these memories

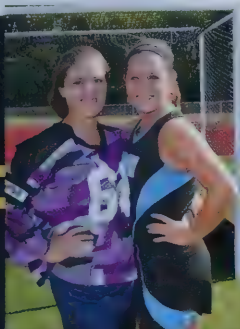

they are all unforgettable. While you all think these days will never end, we promise you all that four years fly by. Our last piece of advice to you as captains of this team is to never take a second you have on this team for granted. These will be your best memories through high school. Soon enough, you will be a senior, wishing you could go back and redo it all over again. So enjoy it and appreciate how lucky you all are to have such a great team and coaching staff, because it really doesn't get better than Fermi field hockey. Best of luck in your futures, and don't think you've seen the last of us!

Your Loving and Forever Sappy Captains,
Linda and Jill

Over the past 4 years of my life I have been involved with the Fermi Football team. It has easily provided some of the greatest memories I have had during high school. I will definitely miss some of the great friends that I have made while playing football, the pre-game rituals that took place

every week, and the great times with my school. I've grown to love this sport and it has taught me life long values that I will be using for the next four years and the rest of my life.

The 2014 boys soccer team at no point had anything given to them. We struggled throughout the season, but we struggled together and in doing so revealed our character. With full knowledge that certain

goals we set for ourselves were out of grasp, our team played the rest of the season with pride. I am thankful to have had the opportunity to work with such a group.

This season was unlike any other. Our team was full of talent and progressed rapidly. Our wins made us confident and our

loses made us strive for improvement. We are a family, a bond like no other, and that is what made this season so remarkable

We would like to start off by saying thank you to every girl on the team, both JV and Varsity, for an amazing season. Though our record didn't reflect it, each of you have grown so much individually. More than that though, we have all grown as a team. Being on the court with five friends we know and trust made every game enjoyable and exciting. There were a few minor bumps in the road, some interesting practices, and more than just a couple of crazy bus rides,

but through it all we managed to become one big family. There's no other way we could have imagined spending our season than the way we did this year. To the Seniors, good luck next year and beyond, you will be missed. To the rest of you, we can't wait to see you next year for another great season. Thank you again.

Love your captains, Julie, Allison and Jocelyn

Is the Band Ready?

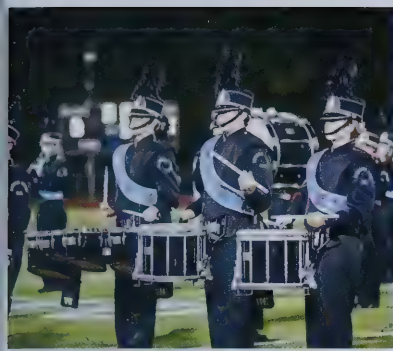

Every year began the same way- a week of band camp, new music, maybe a rain storm or two. The end of the season however, was entirely up to us.

As we all march forward, it will be easy to look back on our season, knowing we did not just play, but create. We created the music and

memories that define our character, perseverance, and above all, our years at Fermi.

With Pride,
Jessica Miclon

A large, action-oriented photograph of an ice hockey player in a white jersey with green and blue horizontal stripes. The jersey has "PEW-EEU" and the number "11" on it. The player is wearing a black helmet and is in a dynamic pose on the ice, holding a hockey stick. The background is slightly blurred, showing other players and the ice rink.

The Fermi Wrestling team posted a 10-6 dual meet record this season, being 4-1 in the CCC EAST. 9 out of our 14 varsity wrestlers gained all-confidence honors. Chase LaRusso and Jake Richters were state place winners for Fermi in the class L tournament. The 2014-2015 season was the best Fermi has had in years.

Only sending off 2 seniors, Ryan Conway and Zach Cormier. We plan on being an even stronger team next year, hopefully winning the CCC EAST TITLE.

The 2014-2015 boys ice-hockey team is a group of individuals I will long remember. We won together and lost together, and at no point in the season did I ever feel like we weren't a family. Having the best record Fermi has had in a while and the conference tournament are my favorite

accomplishments, but the group singing, dancing, and laughing together are my favorite memories. I am thankful for our time together. I love you boys. Good luck next year.

Junior Prom was a night to remember. Upon arrival at Chez Josef, we enjoyed a cocktail hour with refreshments and fresh veggies. Once the doors opened, we enjoyed dancing with friends and a delicious meal and dessert. You can certainly say we danced the night away and we have the pictures to prove it. Now we can forever keep this wonderful night in our memories.

Class of 2015,

I am extremely honored to have worked on this yearbook with many amazing people. We spent long hours working on each page, making sure that every single detail was correct. The amount of time that we put into it shows our true dedication and commitment to making this yearbook as great as it can be. All of the hard work paid off and it was worth it. We all had a lot of fun creating the pages and seeing all of the great pictures from every class. This will be one book we will keep for the rest of our lives and I am proud to have been a part of the process. Congrats Class of 2015, we made it and good luck with the future.
